

## Brian Donovan, Irish Records Expert, Findmypast

brian.donovan@findmypast.com

@BrianEneclann

Poor relief was available in Ireland in some form at almost all time periods. It was dispensed by the church, the state or private charities, and they generated records that have left information about millions of impoverished people from all over the country. Often these records date from before the Famine (1845-52) with information unavailable anywhere else. Given that the poor Irish were the most likely to migrate to America, these records are an essential resource for your research.

The culture of poorest sector of Irish society will also be addressed. They inhabited a world of gross inequality, where they were more likely to be Irish speakers and casual labourers. They clung to superstition, tales of malicious fairies, local cults of saints, as well as a plethora of customs that have long since disappeared.
